NEW COLORS

**Outlooks shift.
Attitudes transform.**

Pantone, the universal leader in color for over 50 years, is enhancing our palette with 210 new shades to give designers a greater range of color expression.

Our expansive new collection of shades provides designers with the most sought-after hues for today and tomorrow, and features:

- Organic tones emanating from nature
- Vibrant brights spanning all color families
- Many complex hues displaying greater color intensity
- Rich, earthy and burnt mineral tones
- An assortment of nuanced neutrals, pastels and softer mid-tones
- Subdued and smoky variations of popular colors

Illustrating the past. Reading the future. Stay on the cutting edge of color selection with PANTONE FASHION, HOME + INTERIORS, the living language of color.

NEW COLORS INSPIRE NEW IDEAS.

Now with 2,310 colors, including 210 New PANTONE Colors, the PANTONE FASHION, HOME + INTERIORS Color System lets you stay on the cutting edge of color.

- The internationally acknowledged leader in color standards for over 50 years
- Now comes in 2,310 of the most market-relevant colors
- Readily available in over 80 countries for immediate delivery
- Cotton, nylon, plastic and paper standards can be used to match color in a wide variety of substrates
- Cotton dye formulations and spectral data increase color accuracy through the supply chain
- Color trend forecasts provide visual inspiration and key color direction
- Pantone, in tandem with X-Rite's industry-leading color technologies, aid the supply chain from design through production
- Pantone's off-the-shelf color standards make fast fashion economical, efficient and achievable

COTTON PASSPORT

The PANTONE FASHION, HOME + INTERIORS Cotton Passport is the perfect creative color companion. A convenient, compact accordion-style format lets you see the entire library at a glance. The passport includes all 2,310 colors, including our newest 210 colors, arranged in chromatic order. Includes color software download for digital design.

Cotton Passport FHIC200
Cotton Passport Supplement – 210 New Colors only FHIC210

COTTON PLANNER

The PANTONE FASHION, HOME + INTERIORS Cotton Planner is a convenient single-volume desktop color reference with all 2,310 colors. Designed for easy color decisions, it is used as a reference to our cotton swatch card color standards. Includes color software download for digital design.

PANTONE PLASTIC STANDARD CHIPS

Now you can specify your favorite PANTONE Colors in plastic. Available in all FASHION, HOME + INTERIORS Colors, PANTONE PLASTIC STANDARD Chips let you communicate and control color in plastics throughout the color development process. Large-size chip features matte and gloss finishes and tiered thickness for easy color visualization. Polypropylene chip closely aligns with commonly used production materials, ensuring accurate color reproduction in product.

PLASTIC STANDARD Chips PLASTICS-CHIPS

CAPSURE™

Capture color from anywhere – even coarse surfaces and fine, multi-colored patterns – and instantly match it to more than 10,000 preloaded PANTONE Colors. Build palettes, create color harmonies, then import them into your workflow and create cross-matched colors for use in print, packaging, web, interiors and product development. Portable yet powerful, with advanced optical technology, CAPSURE gets color right.

CAPSURE RM200-PT01

PANTONE®VIEW Color Forecasts

Looking at color as a total language that embraces all areas of design, our PANTONE®VIEW Color Forecasts provide visual inspiration, key color direction and individual trend stories containing suggested color harmonies, material guidance and product application for men's, women's, activewear, color cosmetics, fashion accessories, home furnishings and industrial design. 1" x 4" cotton swatch strips of each of the forecasted colors, along with supporting visual imagery on the included DVD, enable you to illustrate each of the trend themes in storyboard format and display and create your own color palettes.

PANTONE®VIEW Colour Planner Available in Spring/Summer and Fall/Winter seasons
